

# Survey on Software Release Notes

## Intro

Dear participant,

Our research group is investigating the use and creation of Software Release Notes. Our aim is two-fold: (i) to assess how release notes are currently used and created, and (ii) to evaluate an automatic approach to generate release notes.

We would be grateful if you could spend a few minutes of your time to answer the following survey, which consists of three parts:

1. A questionnaire about your background.
2. A questionnaire about how you use and create software release notes
3. A short evaluation of two release notes automatically generated by our tool, ARENA (Automatic RElease Notes generAtor).

The survey will take less than 15 minutes to complete, and your participation is anonymous and voluntary. If you have any question, do not hesitate to contact Laura Moreno via email at [lmorenoc@wayne.edu](mailto:lmorenoc@wayne.edu).

Thanks for your help.

## Background Information

Please, answer the following questions according to your experience with software release notes.

1. What is your current occupation? Check all that apply.

- ☐ Bachelor student
- ☐ Master student
- ☐ PhD student
- ☐ Faculty
- ☐ Open-source software developer
- ☐ Professional software developer
- ☐ Other. Which one?

2. For how many years have you developed software?

	0	2	4	6	8	10	12	14	16	18	20	22	24	26	28	30	32	34	36	38	40
Years																					

## Motivation

Please, answer the following questions according to your experience with software release notes.

1. How often do you use software release notes?

- ☐ Never
- ☐ Rarely - Once every few months
- ☐ Occasionally - Once a month
- ☐ Frequently - More than once a month

For what purposes do you use release notes?

2. Have you ever created release notes for a software system?

- ☐ I have never done it
- ☐ I have done it once or twice
- ☐ I have done a few times (three to eight times)
- ☐ I have done it many times (more than eight times)

3. What kind of content do you include in release notes?

	Never	Rarely	Sometimes	Often
--	-------	--------	-----------	-------

Fixed bugs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
New features	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
New code components	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Modified code components	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Enhanced features	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Refactoring operations	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Changes to documentation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Upgraded library dependencies	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Deprecated code components	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Deleted code components	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Changes to configuration files	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Changes to code components visibility	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Changes to test suites	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Known issues in the release (i.e., acknowledged bugs that were not fixed in the release)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Replaced code components	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Architectural changes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Changes to licenses	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other 1. Which one? <input type="text"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other 2. Which one? <input type="text"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other 3. Which one? <input type="text"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

4. How much time does it take to create a release note?

- ☐ Less than one hour
- ☐ Between one and four hours
- ☐ Between four and eight hours
- ☐ More than eight hours

5. How difficult is it to create a release note?

- ☐ Very Easy
- ☐ Easy
- ☐ Difficult
- ☐ Very Difficult

6. Do you use any supporting tool when creating release notes?

☐ Yes. Which one?

☐ No

## Commons Collections

### Release notes for Apache Commons Collections

The next set of questions refers to the release note generated by ARENA for **Apache Commons Collections version 4.0-alpha1**, which you can find following the next link:

<http://www.cs.wayne.edu/morenoc/research/arena/commons-collections4-4.0-alpha1.html>

1. How familiar are you with Apache Commons Collections?

- ☐ Not familiar at all - I don't know what it is
- ☐ Slightly familiar - I know that it exists, but I have never used it
- ☐ Familiar - I use it in my software projects
- ☐ Very familiar - I'm a Commons Collections developer

Consider the [original release note of Apache Commons Collections 4.0-alpha1](#) and the [release note generated by ARENA for the same system](#).

2. The next items correspond to information and presentation issues of the [original release note](#) that are different in the [generated release note](#). Mind that some equivalences might exist among both release notes. For example, the items under the "new classes" and "new methods" categories in the [original release note](#) might be listed under the "new code components" category in the [generated release note](#).

How important are the following issues?

	Not at all Important	Unimportant	Important	Vey Important
"Major changes since 3.2.1" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Different categories for "new classes" and "new methods"	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"New methods in *Utils" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Authors of changes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other. Which one? <input type="text"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3. The next items correspond to information and presentation issues of the [generated release note](#) that are different in the [original release note](#). Mind that some equivalences might exist among both release notes. For example, the items under the "new code components" category in the [generated release note](#) might be listed under the "new classes" and "new methods" categories in the [original release note](#).

How important are the following issues?

	Not at all Important	Unimportant	Important	Very Important
"Improvements" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Deleted code components" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Deprecated code components" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Refactored source code files" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Code changes for each item in "new features", "bug fixes", and "improvements"	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Link to the original change request in the issue tracker for every item in "new features", "bug fixes", and "improvements"	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Number of items in each category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other. Which one? <input type="text"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Lucene

### Release Notes for Apache Lucene v4.0.0

The next questions refer to the release note generated by ARENA for **Apache Lucene 4.0.0**, which you can find following the next link:

<http://www.cs.wayne.edu/morenoc/research/arena/lucene-4.0.0.html>

1. How familiar are you with Apache Lucene?

- ☐ Not familiar at all - I don't know what it is
- ☐ Slightly familiar - I know that it exists, but I have never used it
- ☐ Familiar - I use it in my software projects
- ☐ Very familiar - I'm a Lucene developer

Consider the [original release note for Lucene 4.0.0](#) and compare it with the [release note generated by ARENA for the same system](#).

2. The next items correspond to information and presentation issues of the [original release note](#) that are different in the [generated release note](#). Mind that some equivalences might exist among both release notes. For example, the items under the "optimizations" category in the [original release note](#) might be listed under the "improvements" category in the [generated release note](#).

How important are the following issues?

	Not at all Important	Unimportant	Important	Very Important
"Changes in backwards compatibility policy" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"API changes" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Optimizations" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Build" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Documentation" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Reporter and author of changes	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other. Which one? <input type="text"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3. The next items correspond to information and presentation issues of the [generated release note](#) that are different in the [original release note](#). Mind that some equivalences might exist among both release notes. For example, the items under the "improvements" category in the [generated release note](#) might be listed under the "optimizations" category in the [original release note](#).

How important are the following issues?

	Not at all Important	Unimportant	Important	Very Important
"Improvements" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Deleted code components" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Deprecated code components" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Changes to visibility of components" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Added code components" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Refactored source code files" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Modified code components" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
"Known Issues" category	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Code changes for each item in "new features", "bug fixes", and "improvements"	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other. Which one? <input type="text"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## Comments

Do you have any further comments on the release notes generated by ARENA?
